tape 3 tere John paul

(questions may not be verbatim)

What did John Carr (JC) tell you about the death of Ms. ~~Waldstrom~~ ^{Waldstrom} the teacher?

3:00:48 the last time that I saw John which was probably 1972...ok and I had a meeting with him at O'Henry's in NY ok, we had basically communicated for awhile then I lost track of him, whatever. I had spoken to his folks and asked how he was doing and I think it was the Air Force or whatever, and uh John got back in; uh, we figured we'd have a dinner at O'Henry's and we were talking about what had been going on, how my life had changed with all of this, with the prostitution rings or whatever, ...John was so upset, I had never seen him as fried, thats the only way that I can describe him at as uh, he was very upset ok, uh we had talked about the teacher getting killed

in the Village

cause it was a 2-3 hour dinner here that night,

what did he tell you?

3:01:46 He told me very specifically that the lady had not committed suicide in Van Cortland Park that she had been murdered somewhere else and the body was dumped there as a warning to other kids to keep their mouth shut...and he knew about it and so did brother...I don't know whether he did it or whatever, I don't think so ok but it was done to keep people quiet...

At O'Henry'sabout Untermeyr Park & children?

3:02:24 Yeah...the t uhhs the things that John said that night a lot of it didn't make much sense, ok to me cause I had basically detached myself from it, the only times I get up here is to see my folks. What he was telling me was this whole thing had gone off in a completely different direction from when I had originally brought in and it had gotten so far out of hand that he was really frightened..what they were doing was they had now figured out how to get kids from uh a uh foster home from in Hastings...now

Wph from

School

these kids from a foster home in Hastings which was ironic because my mom was working there at the time because I doublechecked with this and my mom had said yes that kids had disappeared mysteriously. So what they did was, they turned around and took these kids from this place ok and used them in ritualistic sacrifice and Untermyer Park and thats how they disappeared.

what happened?

3:03:32 According to John, now John drew me a map on a napkin because I didn't buy it, I thought maybe because John, he was stoned out on drugs too...at the time, and I was saying you know how much of this is reality how much is he talking thru drug inducement whatever,...I said fine, draw me a map, tell me where these kids are buried...he showed me the hillside off of Untermyer park going down ^{TOWARD WARDEN} ~~a wallberg~~ avenue so they were buried all over the place in here. ok... including that when they were turned around killing the dogs they were dumping the dogs off the cliff too, and he said that uhhh they were burying them in shallow graves out there...I went back to Hastings police..ok and they laughed at it they told me that I was crazy and this w all

back in 72 and nobody wanted to deal with
it...went to the Hasting cops, went to the
Yonkers police, nobody wanted to deal with
it at this point and said if you continued
to uhh talking like this they would uh lock
me up...again because I had been
incarcerated up in Poughkeepsie state
hospital for opening up my mouth before a
state psychologist...and I don't know if the
psychologist was involved in this or
whatever but the thing was the only way that
you could get out of this Maury was either
they killed you off, you killed yourself off
which would have suited, that was the only
way to get carried out in a pine box.

Your friend Tom Lockman?

3:05:05 That's another whole uh incident. Tom
& I were very very good friends he was sort
of a very good mentor to me because he was
another good artist...out of Yonkers
High...in Yonkers High school there was
another groupie of this cultist whatever uh
that were recruiting kids from Yonkers
High...

all part of the same...

All part of the same thing and it would all

converge at various spots in between Getty square and North. What was ironic was that it never happened from Getty Square

South...ok, so in Yonkers h.s. we knew there were things going on, there were tunnels under the old Yonkers h.s. on park hill avenue...and when things, when it was too cold to do things out in the park rituals?

3:05:51 Rituals, ok, they turn around and use the tunnels under Yonkers h.s....there was uhh a church in Getty square that had tunnels that originally went down to the river, they were using these tunnels, ok, they were marking, on the walls...I had hit at least at at the church at Getty Square and was there holding paraphenalia, clothing for these people or whatever...there was no scarifice or whatever but they were using uhhh a cup, uhhh a dgger on this there was a whole bunch of stuff.

Under the church?

This was under the church because they had turned around and used some of the things that were from the church in the ceremony. Uh, Tom knew something was going on but it

was so secretive in Yonkers H.S. (YHS) it wasn't as open as what was going on in ~~SHS~~ High. He couldn't put his fingers on it but he did know that he recognized people thru his father's association with some people higher up, judges or whatever... and he started putting 2 & 2 together. Tom winds up going to Nam, ok and things pretty well died out at YHS. I left in 64-65 and uh uh from there I'm more involved in the NY issue, ok roughly 7 yrs ~~ago~~ ^{or so} Tom and Topm was doing a portrait of me and I was communicating with him when he got back from Nam and he had found out thru friends that this uhuh uh groupie of people also had taken another savage twist and that they were getting kids in on this stanistic cult thru Yonkes, they were getting them out of Hawthorne Jr. High which might hav ebben the old uh YHS...and it was getting out of hand and he was gonna turn around and blow the whistle on it.

what happened to Tom ?

3:07:58 Quote, by official of police records ok, Tom turns around now his wife was poregnant, his artwork was you know taking a major upswing, everything was going for the guy, he was so up, he turns arceund and slams

KWS-
70-71.

his car or his truck into the back of a flatbed pickup uh east 239rd street and uh the Major Deegan and quote: its labeled a suicide again...ok, and this was like 2 weeks after he said he was gonna turn around and blow the lid off this ting and start naming names.

In NYC was there a correlation...between this groups activities in westchester and the activities of other groups in NYC and in B'lyn?

3:08:55 Yeah it was such, its an incredible, the meshing that was going on...with all of this, I don't know what it is today, but at that time, in this cult and in this group of people, ok, you were dealing with Hastings copos, Yonkers cops,....police in in Greenwich Village down on like 9th street and you were dealing with the cops in B'inn heights, ok you were dealing with a cult shops on uhhh 7th avenue south..you were dealing within a cult shop off of atlantic avenue...in B'lyn heights...ok who would turn around and as their base of ops. would act almost like a pimp...in these things and then get you to another individual or whatever...you know for sex or for drugs or for whatever was going on.

...direct link?

As far as I knew yeah...oh yeah, it was all
inter uhhh interconnected and it was
interconnected with the police dept.
too...a number of the tricks that I would
have Maury were NY uh NY & B'lyn cops...who
were involved in all of this.

Keep the money?

3:10:22 No I never got to keep a dime of
it...ok, it was all, you were just ordered
to go and meet this individual hotel or
whatever it was all set up and that was it,
you did what you were supposed to, usually
it was an hour to 2 hrs....and that was the
end of it... sometimes you'd even wind up
at the individuals own apartment...and not
a hotel room.

you never saw...

i never saw the money...

Paid to someone else?

Yeah...ok...uh when we were dealing with
the Tool Box in NY, we were dealing with the

Snake Pit in NY...which was another...now
these, the Tool Box was a very uh B & M
place at the time, you were dealing with
people out of City hall, some very
influential people...who were involved in
this whole prostitution thing who we knew
damn well were uh skimming money off it...in
the 60's & 70's...you didn't know who to
trust anymore...ok it got to a point it was
so excessive that the suicide, that was your
only way out or uh uh even if you ran out of
the state, they'd follow you, they knew when
I was in B'lyn, they knew when I came here
to ~~██████████~~...and I know damn well I've
been under surveillance a number of
times...and they figured as long as I'm
considered eccentric, that nobody's gonna
believe me and they'll find me.

...things escalating?...

3:12:02 That's the thing that I have never
been able to figure out in these
conversations with John. John talked very
specifically about a pyramid ok and that to
get to another level of this pyramid he had
to turn around and prove that he was worthy
of this level and had to kill somebody and
I said John, come on... you
know...nobody's gonna deal with this...in

and he was very uh intense about that.

...that they wanted him to prove that uh he was ready for another another level.

what did you think ^{when} ~~that~~ John Carr was found dead?..

in '88 →

3:12:54 I found out about the death of John
ok on TV...ok because I, once I got out
here, ok in 72-73 I didn't want to have
anything, I figured I was cutting myself
off..ok, I watched tv and I see that
~~John Carr~~...quote... uh I thought was a suicide
ok, but it was murder,,they shot him up
because they definitely knew too much....his
brother knew too much ok, uh,...I heard that
his mom had died either of cancer or
soemthing,..she was basically on the fringe
and she didn't know what was going on....but
any person who has deal with that one way or
another...has been shut up either by
overdoses of drugs either by blasted away uh
potential suicides uh so you don't know....

NO -
St. U Blue,
I think.

How does it feel that you were in the group
in the formative years,.....

3:14:010 I'm really very angry because
initially I think it was just a game in the
beginning yo know it with -

ceremonies and whatever and it wasn't anything that was that serious...somewhere along the line somebody got to the head of this thing and took it in a completely different direction. ...when I sat down and I talked to John about the kids being missing at at the school's ok, uh, I had a real hard time dealing with all of this...and when I first started to come out and speak on this, I think this has got to be a good 5 yrs ago, ok, and nobody wanted to deal with it I started to get angry because I knew damn well that there were new kids getting uh sucked in to this thing and that it wasn't it was uh not the same groups which I had been in which were uh you know very mild but a very radical, satanical group of John was telling me the truth who were involved in murder, and hushing up anybody that they could... so uh, as far as you know myself I think uh I'm one of the very few that are still alive...and the only way I've managed is to keep oin running.

how has it affected you?

3:15:34 How has it affected me?...That is is..probably the hardest question on all of this to answer ok, Maury, because of what has gone on in roughly 30 years...it

destroyed me, my family I mean uh because of all of this, the ramifications ok, uh the relationship that I had with my mom & my dad I had to force a break...because I wasn't gonna turn around and put them in in jeopardy, ok my grandparents ok, I had to make sure that I was hated in all of this, being that I was on the drugs and the alcohol and they knew that I had some very bizarre behaviors from it, ok, but when I went to people that I thought I could trust, priest, the psychologist uh head, head of the schools, whatever, the you know nobody wanted to listen everybody thought I was crazy and thats exactly what they wanted...so what everybody that could have possibly gotten hurt now is all underground, they're all dead...

anger...

3:16:47 the raping of kids ticks me off viciously,...ok, I don't mind consenting adults if they want to do something thats fine...but when you turn around and you pick on underaged kids and get them involved in things like this against their will or how they uh are physically or psychologically brainwashed in all of this either by drugs or alcohol uhhhh uhhh you know

psychological manipulation....or fear...I'm
sorry I won't buy it and I won't be a part
of it...or keep my mouth shut ok, 30 years
is enough,....ok, and if this is what's still
going on and I have inclings that its still
is Westchester and Ny ok, the hell with them

I am gonna blow the whistle off it ...you
know and uh, what more can they do to me

now?..I gotta bad heart, I'm sick, I could
keel over tomorrow...but at least the truth
is gonna come out now and people can deal
with it as they want and I don't care
anymore thats how disgusted I am...
